From the foyer, stairs lead to the upper level where three well proportioned bedrooms – all with built-in wardrobes – and a family bathroom with separate w/c sit alongside an expansive kitchen and family dining area. The adjoining living room opens onto a fully enclosed, glazed verandah/sunroom – an inviting space that runs the length of the house and provides an additional living space for entertaining or for use as a study/snug in which to enjoy morning light and catch the coastal breezes. With its solid bones and generous proportions, the home's original interiors offer a blank canvas for renovation or redesign to suit contemporary tastes. A solar installation (incl. Solahart Solar – Smart electric hot water heater) minimises power bills.

For those with a broader vision, the size and configuration of the block support exciting development possibilities (STCA). Whether you're considering a full renovation, a dual occupancy project or a complete redevelopment, the combination of land size, generous 23m frontage, and a coveted pedestrian friendly location make this property a compelling proposition.

Located in a highly convenient pocket of Gerringong, the home is just a two minute drive or easy level stroll from local shops and cafés, the supermarket and the vibrant town centre.
